**IMPROVING
CHILDREN'S LIVES
THROUGH MUSIC**

ABOUT US

We believe music is vital to our children and their success. Our mission is to educate children through musical expression while preserving our musical heritage.

Songwriting gives children the confidence to unlock their creative potential. Their world and dreams come alive as they learn to express themselves through songwriting.

HOW WE WORK

Our program engages an entire classroom to work together to write “their song.” Kids have fun, sing along, and learn to believe they can accomplish great things in life.

OUR HISTORY

Albert E. Brumley’s “I’ll Fly Away” is one of the most recorded songs in the world, having been recorded in every language and every country.

Betsy Brumley, our foundation’s chairwoman, shares her grandfather’s passion for songwriting, which is at the core of our program. Albert’s music has inspired people all over the world, and his legacy continues today through the work of the I’ll Fly Away Foundation.

STATS THAT MATTER

- 1 Over two million children nationwide are not exposed to music in school.
- 2 96% of school principals feel a music program motivates students to stay in school.
- 3 Children involved in music achieve higher verbal and math SAT scores.

We believe in the **power of music** to unlock children’s **creative potential**.

HOW WE TEACH

- 1 We work with schools who need help and support to bring music to their classrooms.
- 2 We teach kids the basic parts of a song and the art of songwriting.
- 3 Our songwriters spend an hour per day for a week with children in the 3rd to 8th grade.
- 4 Children learn to write songs on subjects such as math, science, and history while having fun with classmates.

You can make a difference in a child’s life by supporting the I’ll Fly Away Foundation. To learn more about us, visit our website at www.illflyawayfoundation.org.
